Jared,

Ex. 5 - Deliberative

We have coordinated here, and in response to your request for approval to place the site on the R9 special case list, your request is approved.

I informed MG Peabody that we would be designating the site as a special case under the terms of our MOU. He will be sending us a copy of their AJD and supporting documents for our files. I told him that R9 would be informing the corps district.

You or your staff should contact the permit applicant to inform them of this action.

I would be pleased to discuss further if you have any questions.
